INDEPENDENT AUDITOR'S REPORT

P.O. BOX 398 1100 WEST MILWAUKEE STORM LAKE, IOWA 50588 712-732-3653 FAX 712-732-3662 www.hpcocpa.com

To the Officials of Cherokee County:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Cherokee County, Iowa, as of and for the year ended June 30, 2014, and the related Notes to Financial Statements, which collectively comprise the County's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on an auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Cherokee County as of June 30, 2014, and the respective changes in its financial position and, where applicable, its cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require Management's Discussion and Analysis, the Budgetary Comparison Information, and the Schedule of Funding Progress for the Retiree Health Plan on pages 6 through 13 and 41 through 44 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Cherokee County's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2013 (which are not presented herein) and expressed unmodified opinions on those financial statements. The supplementary information included in Schedules 1 through 6, including the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

Hungelman, Putgier & Co., PLC

In accordance with *Government Auditing Standards*, we have also issued our report dated May 26, 2015, on our consideration of Cherokee County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Cherokee County's internal control over financial reporting and compliance.

May 26, 2015

MANAGEMENT'S DISCUSSION AND ANALYSIS

Cherokee County provides this Management's Discussion and Analysis of its financial statements. This report contains an overview and analysis of the financial activities for the fiscal year ended June 30, 2014. The following information should be considered in relation to the County's financial statements included in this report.

2014 FINANCIAL HIGHLIGHTS

- Cherokee County's governmental activities revenues increased approximately \$2,352,000 or 21.28% from fiscal year 2013 to fiscal year 2014. Property taxes and other county tax increased \$641,000 or 11.88%.
- Cherokee County's overall governmental activities expenses increased approximately \$730,000 or 6.82% from fiscal year 2013 to fiscal year 2014. The breakdown by service areas include: public safety and legal services increased approximately \$139,000 or 7%; physical health and social services decreased by approximately \$16,000 or 5%; mental health expenditures decreased by approximately \$150,000 or 25%; county environment and education decreased approximately \$376,000 or 31%; roads and transportation increased by approximately \$1,336,000 or 29%; governmental services to residents increased approximately \$10,000 or 2%; and administration decreased approximately \$212,000 or 13%.
- Cherokee County's net position increased 6.34%, or approximately \$1,981,000, from June 30, 2013 to June 30, 2014.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

- Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the County's financial activities.
- The Government-wide Financial Statements consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of Cherokee County as a whole, and present an overall view of the County's finances.
- The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Cherokee County's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining financial statements provide information about activities for which Cherokee County acts solely as an agent or custodian for the benefit of those outside of County government (Agency Funds).
- Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.
- Required Supplementary Information further explains and supports the financial statements with a comparison of the County's budget for the year, as well as presenting the Schedule of Funding Progress for the Retiree Health Plan.
- Other Supplementary Information provides detailed information about the nonmajor Special Revenue and the individual Agency Funds.

REPORTING THE COUNTY'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

Accounting methods similar to those used in private-sector businesses are used in preparing the County-wide financial statements. The information contained in these reports helps the public to understand if Cherokee County's financial position is better or worse after the fiscal year has ended.

The Statement of Net Position presents financial information on all of Cherokee County's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in the County's net position will indicate if the financial position of the County is improving or deteriorating.

The Statement of Activities includes all of the current year's revenues and expenses. All changes in net position are reported as soon as the change occurs, regardless of when the cash was received or paid. Therefore, revenues and expenditures for some items will be reported in this statement and their resulting cash flows will be reported in future fiscal reports.

Cherokee County's governmental activities are presented in the Statement of Net Position and the Statement of Activities. Governmental activities include public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, and non-program activities. Property tax and state and federal grants finance most of these activities.

Fund Financial Statements

The Fund Financial Statements provide more detailed data about Cherokee County's funds. Funds are used to keep track of sources of funding and spending on particular programs. Most "major" funds are required by state law while the County establishes other funds to control and manage money for specific purposes or to show that it is properly using certain revenues such as federal grants.

Cherokee County has three categories of funds:

1) Governmental Funds account for most of the County's basic services. These focus on how money flows into and out of those funds, and the balances left at year-end that are available for spending. The governmental funds include: 1) the General Fund, and 2) the Special Revenue Funds, such as Mental Health, Rural Services and Secondary Roads. These funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed, short-term view of the County's general governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance Cherokee County's programs.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures, and changes in fund balances.

2) A proprietary fund accounts for the County's Internal Service, Employee Group Health Insurance Fund. Internal Service Funds are an accounting device used to accumulate and allocate costs internally among the County's various functions.

REPORTING THE COUNTY'S FINANCIAL ACTIVITIES – (Continued)

The required financial statements for proprietary funds include a statement of net position, a statement of revenues, expenses, and changes in fund net position, and a statement of cash flows.

3) Fiduciary funds are used to report assets held in a trust or agency capacity for others which cannot be used to support Cherokee County's own programs.

The required financial statement for fiduciary funds is a statement of fiduciary assets and liabilities.

Reconciliations between the government-wide financial statements and the governmental fund financial statements follow the governmental fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of financial position. Cherokee County's combined net position was \$33,233,494 for fiscal year 2014. This reflects a \$1,981,134 (6.34%) increase over fiscal year 2013 net position of \$31,252,360. The analysis that follows focuses on the changes in the net position for governmental activities.

Net Position of Cherokee County's Governmental Activities							
	June	e 30,					
	<u>2014</u> <u>201</u>						
Current and other assets	\$ 18,277,256	\$ 17,167,706					
Capital assets	24,007,194	23,309,992					
Total assets	42,284,450	40,477,698					
Long-term liabilities	3,187,400	3,302,289					
Other liabilities	205,357	430,443					
Total liabilities	3,392,757	3,732,732					
Deferred inflows of resources	5,658,199	5,492,606					
Net position							
Net investment in capital assets	24,007,194	23,309,992					
Restricted	7,667,676	6,374,460					
Unrestricted	1,558,624	1,567,908					
Total net position	\$ 33,233,494	\$ 31,252,360					

Net position of Cherokee County's governmental activities increased by \$1,981,134 compared to fiscal year 2013. The largest portion of Cherokee County's net position is invested in capital assets (e.g., land, infrastructure, buildings, and equipment). Restricted net position represent resources that are subject to external restrictions, constitutional provisions, or enabling legislation on how they can be used. Unrestricted net position — the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements, are reported at approximately \$1,559,000 as of June 30, 2014.

Changes in Net Position of Cherokee County's Governmental Activities

	Year Ended June 30,					
	2014	2013				
Revenues:						
Program revenues:

Roads and transportation	5,916,61	6 4,580,375				
Governmental services to residents	459,30	1 449,756				
Administration	1,420,98	9 1,633,429				
Total expenses	11,425,47	10,695,703				
Increase in net position	1,981,13	4 358,753				
Net position beginning of year	31,252,36	0 30,893,607				
Net position end of year	\$ 33,233,49	\$ 31,252,360				

Cherokee County reduced the Mental Health levy by 3.4 cents, increased the General Supplemental by 25.9 cents, increased the Rural Services by 55 cents, and maintained the prior levy rate in the General Fund. This decision, along with a 5.3 percent increase in taxable valuations resulted in a property tax increase of \$701,826.

INDIVIDUAL MAJOR FUND ANALYSIS

As Cherokee County completed the year, its governmental funds reported a combined fund balance of approximately \$9,401,000 an increase of approximately \$1,309,000 from last year's approximate \$8,092,000 ending fund balance. The increase in fund balance is attributable to increases in levy rates and taxable valuations resulting in additional tax revenues. The following are the major reasons for the changes in fund balances of the major funds from the prior year.

• General Fund activities resulted in an approximate increase of \$118,000 over the prior year's \$1,805,000 ending fund balance.

INDIVIDUAL MAJOR FUND ANALYSIS – (Continued)

- Cherokee County has continued to look for ways to effectively manage the cost of mental health services. Revenues increased for the Mental Health Fund in Fiscal Year 2014 to approximately \$668,000 and expenditures decreased to approximately \$327,500. The County levied at 100% with a 3.372 cent reduced levy rate of 63.127 cents. The resulting June 30, 2014 fund balance increased to approximately \$473,000.
- Rural Services ending fund balance for fiscal year 2014 was approximately \$436,000, which is a \$208,000 increase from the prior year's balance of approximately \$228,000.
- Secondary Roads ending fund balance increased by approximately \$674,000 for the year ending June 30, 2014. The prior year fund balance was approximately \$5,768,000 and was increased to an approximate \$6,442,000 fund balance after completion of the 2014 year.
- Other Special Revenue Funds which include County Recorder Records Management, Conservation Land Acquisition Trust, Conservation Education, Resource Enhancement and Protection, County Rural Betterment Fund, Urban Renewal Tax Increment Financing (TIF), Drug Court Grant, County Attorney Recovery Fees, Forfeited Property, and County Case Management are classified as nonmajor special revenue funds. The combined activities of these funds resulted in a decrease in fund balance of approximately \$31,000. The ending fund balance for 2014 was approximately \$245,000 compared to the prior year's ending fund balance of approximately \$276,000.

BUDGETARY HIGHLIGHTS

All departments and service areas operated within the amended budget authority as certified on May 13, 2014 with the exception of the Secondary Roads Department. Roadway Construction expenditures exceeded budget authority by \$5,478 due to unexpected road, bridge, and culvert repairs caused by severe flooding. Internal controls were implemented to assure that budget availability is adequate prior to authorizing payments from the Secondary Roads budget.

Over the course of the year, Cherokee County amended its budget twice. The first amendment was made on January 21, 2014 by the County Board of Supervisors for the following reasons:

- Miscellaneous Revenues were increased by \$75,750 for transfer of funds in County Attorney Collections accounts.
- Expenditures in the Public Safety service area were increased by \$80,200 to include \$75,750 for County Attorney Collections transfer funds and \$4,450 of computer hardware expense for County Attorney Collections.
- Increased Expenditures in County Environment and Education by \$15,900 to allow for projects using \$2,400 of REAP funds and \$13,500 from the Conservation Capital Improvements Fund.

The second amendment was made on May 13, 2014 by the County Board of Supervisors for the following reasons:

- Increased Intergovernmental Revenues by \$20,010 including \$12,000 of additional DHS Cost Allocation funds; \$5,010 of Native Prairie Tax Replacement dollars; and \$3,000 of Conservation Legacy Grant proceeds.
- Miscellaneous Revenues were increased by \$260 to include proceeds from Civil Service testing.
- Physical Health and Social Services expenses increased \$6,000 for additional DHS Office costs.
- Expenses in County Environment increased \$3,000 to include a Conservation project funded through a Legacy Grant.
- Administration expenses were increased by \$25,850 to include additional costs for labor relations, membership dues, and human resource services.

CAPITAL ASSETS

Cherokee County's Capital Assets activity for the year ended June 30, 2014, was as follows:

Capital Assets of Governmental Activities at Year End

	June 30		
	2014	<u>2013</u>	
Governmental activities:			
Capital assets not being depreciated:			
Land	\$ 508,186	\$ 488,286

Total capital assets being depreciated/amortized, net	22,368,977	21,963,355	
Governmental activities capital assets, net	\$24,007,194	\$23,309,992	

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND LEVY RATES

Cherokee County's department managers and elected officials considered many factors when setting the fiscal year 2015 budget, tax rates, and the fees that will be charged for various county services.

Continued concerns about potential funding cuts from the State in addition to standard cost of living increases for wages and benefits are the baseline for the Cherokee County Board of Supervisors' decision in setting tax rates for the 2015 fiscal year. Modest increases in taxable valuations and the desire to maintain sufficient ending fund balances were the basis for the Board's decision when determining levy rates and overall taxation of properties.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND LEVY RATES – (Continued)

The fiscal year 2015 budget certified tax revenues, broken down by the major funds that Cherokee County receives are as follows:

	Fiscal Year 2015 Fiscal Year 2014 <u>Dollars Certified</u> <u>Dollars Certified</u>				al Year 2013 lars Certified	eal Year 2012 lars Certified
General Fund General Supplemental Fund Mental Health Fund Rural Basic Fund	\$	2,609,793 633,195 455,051 1,885,374	\$	2,514,400 302,310 453,504 2,057,323	\$ 2,385,914 110,277 453,317 1,676,203	\$ 2,256,474 559,651 446,601 1,560,808
Total Taxes Assessed	\$	5,583,413	\$	5,327,537	\$ 4,625,711	\$ 4,823,534

Levy Rates (based on \$/\$1,000 taxable valuation) for Cherokee County have been:

	Fiscal Year 2015	Fiscal Year 2014	Fiscal Year 2013	Fiscal Year 2012
	Levy Rates	Levy Rates	<u>Levy Rates</u> <u>Levy Rates</u>	
General Fund	\$ 3.50	\$ 3.50	\$ 3.50	\$ 3.50
General Supplemental Fund	.84918	.42081	.16177	.86807
Mental Health Fund	.61027	.63127	.66499	.69272
Rural Basic Fund	3.45	3.95	3.4	3.4

Iowa Code limits the General Fund levy rate to \$3.50 per \$1,000 of taxable value. A majority of Iowa Counties are at that limit and levy in the General Supplemental Fund which allows them to exceed the \$3.50 general basic levy for certain expenditures which include employee benefits (i.e. health insurance, FICA, and IPERS), county risk management expenditures, election costs, and court ordered settlements. The Rural Basic levy rate limit is \$3.95 per \$1,000 of taxable value. Each year, more counties are reaching that limit and are using the Rural Supplemental levy as allowed by Iowa law for expenditures such as employee benefits and aviation authority contributions.

Cherokee County's taxable valuations reflect a slight increase for fiscal year 2015:

	Fis	iscal Year 2015		Fiscal Year 2014		scal Year 2013	Fis	iscal Year 2012		
		<u>Valuations</u>		<u>Valuations</u>		<u>Valuations</u>		<u>Valuations</u>		
Rural Taxable	\$	578,054,400	\$	553,734,304	\$	524,206,704	\$	490,951,714		
Urban Taxable		203,826,131		202,130,260		193,336,241		190,283,575		
Total Taxable Valuation	\$	781,880,531	\$	755,864,564	\$	717,542,945	\$	681,235,289		

Cherokee County has been fortunate that there have been consistent increases in property valuations in past years and that most county departments have held the line on expenditures. The County increased the General Basic Supplemental and Rural Basic levies for fiscal year 2014 to accommodate increases in budgetary expenses. Previous methods of spending down reserves have now reduced fund balances to basic levels needed to conduct normal business cash flow and have resulted in potential increases in levy rates to support expenditures of future budgets.

The fiscal year 2015 budget projects a solid financial climate as the result of conservative budget increases, tax revenue increases and sufficient fund balances. The General Basic Supplemental levy will be increased by 42.837 cents, the Mental Health levy decreased by 2.1 cents, and the Rural Basic levy will be decreased by 50 cents. It is the desire of the County to maintain a fiscally sound fund balance to support critical services to local citizens, particularly with predictions of continued reductions in State funding.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND LEVY RATES – (Continued)

Looking forward into future budget years, Cherokee County will need to address increasing wage related benefits with potential levy rate increases in the Rural Basic levy and continuation of the General Basic Supplemental levy to maintain a desired 25% ending fund balance. This ending fund balance is needed to cover expenses incurred during the first quarter of the fiscal year, before revenues are received via property tax payments.

Cherokee County anticipates a gradual increase in valuations in the upcoming budgets; however, it will present difficult balancing of covering mandated services and expenditures while maintaining a conservative attitude with the tax levy rates.

CONTACTING CHEROKEE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide Cherokee County's citizens, taxpayers, customers, and creditors with a general overview of Cherokee County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Cherokee County Auditor's Office, 520 West Main, Cherokee, Iowa.

CHEROKEE COUNTY RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2014

Exhibit F

Net change in fund balances - Total governmental funds		\$ 1,309,192
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures while governmental activities report depreciation/amortization expense to allocate those expenditures over the life of the assets. Capital outlay expenditures and contributed capital assets exceeded depreciation/amortization expense in the current year as follows:		
Expenditures for capital assets Capital assets contributed by the Iowa Department of Transportation Depreciation/amortization expense	\$ 1,163,569 1,166,007 (1,558,486)	771,090
In the Statement of Activities, the net effect of various transactions involving capital assets (i.e., sales and trade-ins) is reflected in depreciation/amortization expense, whereas the governmental funds report any proceeds from the disposition of capital assets as an increase in financial resources.		(73,886)
Because some revenues will not be collected for several months after the County's year end, they are not considered available revenues and are deferred in the governmental funds, as follows:		
Property tax Other	(1,121) 490	(631)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds, as follows:		
Compensated absences Other post employment benefits	21,314 (31,425)	(10,111)
The Internal Service Fund is used by management to charge the costs of the partial self-funding of the County's health insurance benefit plan to individual funds. The change in net position of the Internal Service Fund is reported with governmental activities.		(14,520)
Change in net position of governmental activities		\$ 1,981,134

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cherokee County is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff, and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance, and general administrative services.

The County's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Cherokee County has included all funds, organizations, agencies, boards, commissions, and authorities. The County has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on, the County. The County has no component units that meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The County participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: Cherokee County Assessor's Conference Board, Cherokee County E911 Service Board, Plains Area Mental Health, Cherokee County Solid Waste Commission, and the Northwest Iowa Multi-county Regional Juvenile Detention Center. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship, if any, with the organization and, as such, are reported in the Agency Funds of the County.

B. Basis of Presentation

<u>Government-wide Financial Statements</u> - The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the County. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are supported by property tax, intergovernmental revenues, and other nonexchange transactions.

The Statement of Net Position presents the County's nonfiduciary assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Net position is reported in three categories.

Net investment in capital assets consists of capital assets net of accumulated depreciation/amortization and reduced by outstanding balances for bonds, notes, and other debt attributable to the acquisition, construction, or improvement of those assets.

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> - (Continued)

B. <u>Basis of Presentation</u> - (Continued)

Restricted net position results when constraints placed on net position use are either externally imposed or are imposed by law through constitutional provisions or enabling legislation. Enabling legislation did not result in any restricted net position.

Unrestricted net position consists of net position not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management, which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants, contributions, and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

<u>Fund Financial Statements</u> - Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The County reports the following major governmental funds:

The General Fund is the main operating fund of the County. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs not paid from other funds.

Special Revenue:

The Mental Health Fund is used to account for property tax and other revenues to be used to fund mental health, intellectual disabilities, and developmental disabilities services.

The Rural Services Fund is used to account for property tax and other revenues to services which are primarily intended to benefit those persons residing in the county outside of incorporated city areas.

The Secondary Roads Fund is used to account for the road use tax allocation from the State of Iowa, required transfers from the Special Revenue, Rural Services Fund and other revenues to be used for secondary road construction and maintenance.

Additionally, the County reports the following funds:

Proprietary Fund - An Internal Service Fund is utilized to account for the financing of goods or services purchased by one department of the County and provided to other departments or agencies on a cost reimbursement basis.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

B. Basis of Presentation - (Continued)

Fiduciary Funds - Agency Funds are used to account for assets held by the County as an agent for individuals, private organizations, certain jointly governed organizations, other governmental units, and/or other funds.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when they occur and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the County considers property tax revenues to be available if they are collected within 60 days after year end. A one-year availability period is used for revenue recognition for all other governmental fund revenues.

Property tax, intergovernmental revenues (shared revenues, grants, and reimbursements from other governments), and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments, and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the County's policy is to pay the expenditure from restricted fund balance and then from less-restrictive classifications – committed, assigned, and then unassigned fund balances.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's Internal Service Fund are charges to customers for sales and services. Operating expenses for internal service funds include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> - (Continued)

C. Measurement Focus and Basis of Accounting - (Continued)

The County maintains its financial records on the cash basis. The financial statements of the County are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities, Deferred Inflows of Resources and Fund Equity

The following accounting policies are followed in preparing the financial statements:

<u>Cash, Cash Equivalents</u>, and <u>Pooled Investments</u> - The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the General Fund unless otherwise provided by law. Investments are stated at fair value except for non-negotiable certificates of deposit, which are stated at cost.

For purposes of the Statement of Cash Flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

<u>Property Tax Receivable</u> - Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the County Board of Supervisors. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year become effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenues recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2012, assessed property valuations; is for the tax accrual period July 1, 2013, through June 30, 2014; and reflects the tax asking contained in the budget certified by the County Board of Supervisors in March 2013.

<u>Interest and Penalty on Property Tax Receivable</u> - Interest and penalty on property tax receivable represents the amount of interest and penalty that was due and payable but has not been collected.

<u>Due from Other Governments</u> - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants, and reimbursements from other governments.

<u>Inventories</u> - Inventories are valued at cost using the first-in, first-out method. Inventories consist of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

D. Assets, Liabilities, Deferred Inflows of Resources and Fund Equity - (Continued)

<u>Capital Assets</u> - Capital assets, which include property, equipment and vehicles, intangibles, and infrastructure assets (e.g., roads, bridges, curbs, gutters, sidewalks, and similar items which are immovable and of value only to the County), are reported in the governmental activities column in the government-wide Statement of Net Position. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	<u>Amount</u>
Infrastructure	\$ 65,000
Buildings	25,000
Equipment and vehicles	10,000
Intangibles	5,000

Capital assets of the County are depreciated/amortized using the straight line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives (<u>In Years</u>)
Buildings	15-100
Infrastructure	12-65
Equipment and vehicles	5-25
Intangibles	5

<u>Due to Other Governments</u> - Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

<u>Trusts Payable</u> - Trusts payable represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

Compensated Absences - County employees accumulate a limited amount of earned but unused vacation and compensatory hours for subsequent use or for payment upon termination, death, or retirement. A liability is recorded when incurred in the government-wide, proprietary fund, and fiduciary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees that have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2014. The compensated absences liability attributable to the governmental activities will be paid primarily by the General, Mental Health, and Secondary Roads Funds.

<u>Long-Term Liabilities</u> – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

D. Assets, Liabilities, Deferred Inflows of Resources and Fund Equity - (Continued)

<u>Deferred Inflows of Resources</u> - Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources consists of the succeeding year property tax receivable as well as delinquent property tax receivable not collected within sixty days after year end.

Deferred inflows of resources in the Statement of Net Position consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied and contributions from external customers in the Employee Group Health Fund.

Fund Equity - In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – Amounts which cannot be spent because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

<u>Restricted</u> – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors, or state or federal laws; or are imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> — Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the Board of Supervisors through ordinance or resolution approved prior to year end. Committed amounts cannot be used for any other purpose unless the Board of Supervisors removes or changes the specified use by taking the same action it employed to commit those amounts.

<u>Assigned</u> – Amounts the Board of Supervisors intend to use for specific purposes.

<u>Unassigned</u> – All amounts not included in the preceding classifications.

<u>Net Position</u> - The net position of the Internal Service, Employee Group Health Fund is designated for anticipated future catastrophic losses of the County.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2014, disbursements exceeded the amounts budgeted in the capital projects function.

F. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. CASH, CASH EQUIVALENTS, AND POOLED INVESTMENTS

The County's deposits in banks at June 30, 2014, were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The County had no investments meeting the disclosure requirements of Government Accounting Standards Board Statement Number 3.

3. INTERFUND TRANSFERS

The detail of interfund transfers for the year ended June 30, 2014, is as follows:

Transfer to	<u>Transfer from</u>	<u>Amount</u>
Special Revenue:	Special Revenue:	
Secondary Roads	Rural Services	\$1,485,000

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

4. CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2014 was as follows:

Balance						
	Beginning of		End of			
	<u>Year</u>	Increases	Decreases	Year		
Governmental activities:						
Capital assets not being depreciated/amortized:						
Land	\$ 488,286	\$ 19,900	\$ -	\$ 508,186

5. DUE TO OTHER GOVERNMENTS

Administration

County environment and education

Governmental services to residents

Roads and transportation

The County purchases services from other governmental units and also acts as a fee and tax collection agent for various governmental units. The Agency Fund collections also include accruals of property tax for the succeeding year. The tax collections are remitted to those governments in the month following collection. A summary of amounts due to other governments is as follows:

Total depreciation/amortization expense--governmental activitities

<u>Fund</u>	<u>Description</u>			<u>Amount</u>
General	Services		\$	6,000
Special Revenue: Mental Health Secondary Roads County Case Management Total for governmental funds	Services	\$ 434 113 358		905 6,905
Agency: County Assessor Schools Community Colleges Corporations Townships Auto License and Use Tax Agricultural Extension All other Total for agency funds	Collections		\$ <u>\$</u>	1,242,663 8,952,480 554,134 3,202,905 327,182 339,648 147,116 634,844 15,400,972

6. LONG-TERM LIABILITIES

A summary of changes in long-term liabilities for the year ended June 30, 2014, is as follows:

		Balance,								
	Ī	beginning						Balance,	\mathbf{D}	ue within
		of year	<u>In</u>	creases	$\underline{\mathbf{D}}$	ecreases	<u>e</u>	nd of year		one year
General obligation bonds	\$	2,975,000	\$	-	\$	125,000	\$	2,850,000	\$	130,000
Compensated absences		221,599		-		21,314		200,285		200,285
Net OPEB liability		105,690		31,425		-		137,115		
Total	\$	3,302,289	\$	31,425	\$	146,314	\$	3,187,400	\$	330,285

Notes Payable

During the year ended June 30, 2012 Cherokee County issued \$2,775,000 of general obligation refunding capital loan notes and an additional \$445,000 general obligation capital loan notes for Cherokee County Sanitary Landfill and Recycling Center (Landfill). The proceeds from the refunding capital loan notes were used to pay costs of refunding the existing general obligation indebtedness of the County for the Landfill. The proceeds of the additional capital loan notes were used to pay costs of constructing works and facilities for the operation of the landfill. The County has a separate agreement with the Landfill that requires the Landfill to make all principal and interest payments on these notes. As a result, there is a note receivable reflected on the County's statement of net position that is offset by a corresponding liability for the principal and interest payable on this debt.

The future principal payments are as follows:

Year Ending	Loan
June 30,	<u>Principal</u>
2015	\$ 130,000
2016	130,000
2017	135,000
2018	135,000
2019	140,000
2020-2031	2,180,000
	<u>\$2,850,000</u>

7. PENSION AND RETIREMENT BENEFITS

The County contributes to the Iowa Public Employees' Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, IA, 50306-9117.

Most regular plan members are required to contribute 5.95% of their annual covered salary and the County is required to contribute 8.93% of annual covered salary. Certain employees in special risk occupations and the County contribute an actuarially determined contribution rate. Contribution requirements are established by state statute. The County's contribution to IPERS for the years ended June 30, 2014, 2013, and 2012, were \$316,507, \$306,474, and \$262,120, respectively, equal to the required contributions for each year.

8. RISK MANAGEMENT

Cherokee County is a member of the Iowa Communities Assurance Pool, as allowed by Chapter 331.301 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 700 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials' liability, police professional liability, property, inland marine, and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual casualty operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claim expenses, and reinsurance expenses estimated for the fiscal year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained at a level determined by the Board not to exceed 300% of basis rate or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

The Pool also provides property coverage. Members who elect such coverage make annual property operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses, reinsurance premiums, losses and loss expenses for property risks estimated for the fiscal year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The County's property and casualty contributions to the risk pool are recorded as expenditures from its operating funds at the time of payment to the risk pool. The County's contributions to the Pool for the year ended June 30, 2014, were \$102,981.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by the County's risk-sharing certificate. Property and automobile physical damage risks are retained by the Pool up to \$150,000 each occurrence, each location. Property risks exceeding \$150,000 are reinsured through reinsurance and, excess risk-sharing agreements up to the amount of risk-sharing protection provided by the County's risk-sharing certificate.

8. <u>RISK MANAGEMENT</u>- (Continued)

The Pool's intergovernmental contract with its members provides that in the event a casualty claim, property loss or series of claims or losses exceeds the amount of risk-sharing protection provided by the County's risk-sharing certificate, or in the event a casualty claim, property loss or series of claims or losses exhausts the Pool's funds and any excess risk-sharing recoveries, then payment of such claims or losses shall be the obligation of the respective individual member against whom the claim was made or the loss was incurred.

The County does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable that such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2014, no liability has been recorded in the County's financial statements. As of June 30, 2014, settled claims have not exceeded the risk pool or reinsurance coverage since the Pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Upon withdrawal, a formula set forth in the Pool's intergovernmental contract with its members is applied to determine the amount (if any) to be refunded to the withdrawing member.

The County also carries commercial insurance purchased from other insurers for coverage associated with workers compensation and employee blanket bond in the amount of \$5,000,000 and \$100,000, respectively, except the amount of public official blanket bond coverage for the Sheriff and Treasurer is \$150,000 and \$100,000, respectively. The County assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

9. EMPLOYEE HEALTH INSURANCE PLAN

Cherokee County entered into an administrative services agreement with Employee Benefit Systems to administer the employee partial self-funded health plan. Monthly payments of service fees and plan contributions are recorded as expenditures in the operating funds at the time of payment to the Internal Service, Employee Partial Self-Funded Health Plan Fund maintained by the County Treasurer. Under the agreement, deductible and coinsurance expenses are processed by Employee Benefit Systems with payments from the Internal Service, Employee Partial Self-Funded Health Plan Fund. The employer sponsors a group insurance policy which provides comprehensive hospital and medical coverage for eligible employees and, if elected, their spouses and dependents. Under the partial self-funded plan, the Plan will reimburse an eligible employee for a portion of the deductible and coinsurance expenses under the contract.

10. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

<u>Plan Description</u>. The County operates a single-employer health benefit plan which provides medical/prescription drug benefits for employees, retirees, and their spouses. There are 61 active members and one retired member in the plan.

10. OTHER POSTEMPLOYMENT BENEFITS (OPEB) - (Continued)

<u>Plan Description</u> – (Continued)

The medical/prescription drug benefits are provided through a partially self-funded medical plan administered by Wellmark. Retirees under age 65 pay the same premium for the medical/prescription drug benefits as active employees, which results in an implicit subsidy and an OPEB liability.

<u>Funding Policy</u>. The contribution requirements of plan members are established and may be amended by the County. Retirees pay the full premium. The County currently finances the retiree benefit plan on a pay-as-you-go basis.

The required contribution is based on projected pay-as-you-go financing. Retirees receiving benefits have required monthly contributions of:

	<u>Single</u>	<u>Family</u>
Health Insurance	\$ 575.42	\$ 1,456.85

Annual OPEB Cost and Net OPEB Obligation. The County's annual OPEB cost is calculated based on the annual required contribution (ARC) of the County, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding which, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the County's annual OPEB cost for the year ended June 30, 2014, the amount actually contributed to the plan, and changes in the County's net OPEB obligation:

Annual required contribution	\$ 32,878
Interest on net OPEB obligation	4,756
Adjustment to annual required contribution	(6,209)
Annual OPEB cost	31,425
Contributions made	
Increase in net OPEB obligation	31,425
Net OPEB obligation beginning of year	_105,690
Net OPEB obligation end of year	<u>\$137,115</u>

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2009. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2014.

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as of June 30, 2014 are summarized as follows:

		Percentage of	Net
Year	Annual	Annual OPEB	OPEB
<u>Ended</u>	OPEB Cost	Cost Contributed	Obligation
June 30, 2012	\$ 31,220	0.0%	\$ 74,026
June 30, 2013	\$ 31,664	0.0%	\$ 105,690
June 30, 2014	\$ 31,425	0.0%	\$ 137,115

10. OTHER POSTEMPLOYMENT BENEFITS (OPEB) - (Continued)

<u>Funding Status and Funding Progress</u>. As of July 1, 2012, the most recent actuarial valuation date for the period July 1, 2013 through June 30, 2014, the actuarial accrued liability was \$211,481, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$211,481. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$3,253,426 and the ratio of the UAAL to covered payroll was 6.5%. As of June 30, 2014, there were no trust fund assets.

Actuarial Methods and Assumptions. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as Required Supplementary Information in the section following the Notes to Financial Statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-tem volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of the July 1, 2012 actuarial valuation date, the alternative measurement method was used. The actuarial assumption includes a 4.5% discount rate based on the County's funding policy. The projected annual medical trend rate is 7%. The ultimate medical trend is 5%. The medical trend rate is reduced 1% each year until reaching the 5% ultimate trend rate.

Mortality rates are from the RP2000 Group Annuity Mortality Table, applied on a gender specific basis. Annual retirement and termination probabilities were based on 50% for active currently electing coverage.

Projected claim costs of the medical plan are \$1,034 per month for retirees less than age 65. The salary increase rate was assumed to be 2% per year. The UAAL is being amortized as a level dollar amount on an open basis over 30 years.

11. INTERGOVERNMENTAL AGREEMENT

The County participates in an agreement with Cherokee County Solid Waste Commission, a political subdivision created under Chapter 28E of the Code of Iowa. The purpose of the Commission includes providing economic disposal of solid waste produced or generated within the member county and municipalities. Payments to that commission totaled \$272,344 during the year ended June 30, 2014.

State and federal laws and regulations require the Commission to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The total costs to the Commission have been estimated at \$2,311,465 as of June 30, 2014, and the portion of the liability that has been recognized is \$1,080,550. The Commission has begun to accumulate resources to fund these costs, and at June 30, 2014, deposits of \$689,146 are restricted for these purposes. The local government guaranty was used in prior years by the Commission to demonstrate financial assurance for post-closure care costs. The Commission obtained the local government guaranty from Cherokee County on June 10, 1997. No estimate has been made as to the effect of possible future assessments to the County.

CHEROKEE COUNTY NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

12. DEVELOPMENT AGREEMENTS

The County has entered into development agreements to assist in urban renewal projects.

Under the first agreement, the incremental taxes to be received by the County under Chapter 403.19 of the Code of Iowa from the developer will be rebated for a period of thirteen years beginning with the tax year in which the property taxes on the completed value of the improvements are first paid. The total amount that will be rebated over the thirteen year period under the development and rebate agreement cannot be determined. The amount to be rebated each year will be 65% of the property taxes calculated. During the year ended June 30, 2014, the County rebated \$122,645 of incremental taxes to the developer. No bonds or notes were issued for this construction project.

Under the second agreement, the incremental taxes to be received by the County under Chapter 403.19 of the Code of Iowa from the developer will be rebated for a period of fifteen years beginning with the tax year in which the property taxes on the completed value of the improvements are first paid. The total amount that will be rebated over the fifteen year period under the development and rebate agreement is not to exceed \$575,000. The amount to be rebated each year will be 75% of the property taxes calculated. During the year ended June 30, 2014, the County rebated \$43,314 of incremental taxes to the developer. No bonds or notes were issued for this construction project.

Under the third agreement, the County agreed to abate incremental taxes to be received by the County under Chapter 404 of the Code of Iowa from the developer in exchange for infrastructure improvements constructed by the developer as set forth in the urban revitalization plan. The total amount that will be abated over the ten year period under the development and abatement agreement cannot be determined. The amount to be abated each year will be 75% of the incremental value. No bonds or notes were issued for this construction project.

Under the fourth agreement, the incremental taxes to be received by the County under Chapter 403.19 of the Code of Iowa from the developer will be rebated for a period of ten years beginning with the tax year in which the property taxes on the completed value of the improvements are first paid. The total amount that will be rebated over the ten year period under the development and rebate agreement is not to exceed \$415,750. The amount to be rebated each year will be 75% of the property taxes calculated. During the year ended June 30, 2014, the County rebated \$29,880 of incremental taxes to the developer. No bonds or notes were issued for this construction project.

13. COMMITMENTS

The County has entered into the following contracts which were not completed as of June 30, 2014:

		Costs	Remaining
	Total	Incurred	Commitment
	Contract	As of	As of
<u>Project</u>	<u>Amount</u>	<u>6-30-14</u>	<u>6-30-14</u>
Bridge replacement projects	\$1,008,638	\$759,797	\$ 248,841

The balance remaining at June 30, 2014, will be paid as work on the project progresses.

CHEROKEE COUNTY NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

14. JUVENILE DETENTION CENTER

The County participates in Northwest Iowa Multi-county Regional Juvenile Detention Center, a jointly governed organization formed pursuant to the provisions of Chapter 28E of the Code of Iowa. The purpose of the Center is to establish and maintain a juvenile detention facility and related services. The Center does not determine capital allocations of the equity interest for individual participating jurisdictions. The Center issues separate financial statements on the cash basis and the transactions of the Center are not included in the financial statements of the County.

The Center's activity for the fiscal year ending June 30, 2014, which is the latest information available, is summarized as follows:

Cash balance, beginning of year	\$ 33,254
Receipts	906,581
Disbursements	938,002
Cash balance, end of year	\$ 1,833

The financial statements of the Center are available at the Center's administrative office in Cherokee, Iowa.

15. OPERATING LEASE

The County has two leases. The Auditor's office leases a postage machine and the County Attorney's office leases a copy machine. Rental expense incurred for the leases was \$10,037 for the year ended June 30, 2014. Minimum amounts payable under these operating leases are as follows:

Year ending	C	County	C	County	Total Minimum				
<u>June 30,</u>	<u>A</u>	uditor	<u>A</u> 1	ttorney	Lease Payments				
2015	\$	7,524	\$	3,002	\$	10,526			
2016		7,524		3,002		10,526			
2017		7,524		1,501		9,025			
2018		7,524		-		7,524			
2019		3,762		-		3,762			

16. CONTINGENCIES

There are currently several claims and lawsuits against the County seeking damages for various reasons. The outcome and eventual liability of the County, if any, from these is not known at this time. County officials believe the outcome of these matters will not have a material effect on the County's financial statements.

17. DUE FROM AND DUE TO OTHER FUNDS

The detail of interfund receivables and payables at June 30, 2014 is as follows:

Receivable Fund	<u>Payable Fund</u>	<u>Amount</u>
Special Revenue:	Special Revenue:	
County Attorney	Forfeited Property	\$ 3,052
Recovery Fees	_ ,	

These balances result from timing differences on transactions.

CHEROKEE COUNTY NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

18. PROSPECTIVE ACCOUNTING CHANGE

The Governmental Accounting Standards Board has issued Statement No. 68, *Accounting and Financial Reporting for Pensions – an Amendment of GASB No. 27*. This statement will be implemented for the fiscal year ending June 30, 2015. The revised requirements establish new financial reporting requirements for state and local governments which provide their employees with pension benefits, including additional note disclosures and required supplementary information. In addition, the Statement of Net Position is expected to include a significant liability for the government's proportionate share of the employee pension plan.

CHEROKEE COUNTY NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING JUNE 30, 2014

The budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the cash basis following required public notice and hearing for all funds except the Internal Service Fund, and Agency Funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon ten major classes of expenditures known as functions, not by fund. These ten functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service, and capital projects. Function disbursements required to be budgeted include disbursements for the General Fund and the Special Revenue Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year, two budget amendments increased budgeted disbursements by \$130,950. These budget amendments are reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office by the County Agricultural Extension Council; for the County Assessor by the County Conference Board; for the E911 System by the Joint E911 Service Board; and for Emergency Management Services by the Cherokee County Emergency Management Commission.

During the year ended June 30, 2014, disbursements exceeded the amounts budgeted in the capital projects function.

CHEROKEE COUNTY NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2014

(1) Basis of Presentation

The accompanying schedule of expenditures of the federal awards includes the federal grant activity of Cherokee County, Iowa for the year ended June 30, 2014. All federal financial assistance passed through other government agencies expended during the year is included in the schedule. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*.

(2) Significant Accounting Policies

Revenue from federal awards is recognized when the County has done everything necessary to establish its right to revenue. For government funds, revenue from federal grant is recognized when they become both measurable and available. Expenditures allowable in accordance with the grant agreement are recognized when they become a demand on current available financial resources.

(3) Prior Year Expenditures

The accompanying schedule of expenditures of the federal awards includes \$311,761 of expenditures that were incurred in the year ended June 30, 2013. These expenditures were incurred in the program Disaster Grants – Public Assistance. Although the expenditures were incurred in a prior year, the corresponding project was not approved until the year ended June 30, 2014.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Officials of Cherokee County:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing* Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Cherokee County, Iowa, as of and for the year ended June 30, 2014, and the related Notes to Financial Statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated May 26, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Cherokee County's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Cherokee County's internal control. Accordingly, we do not express an opinion on the effectiveness of Cherokee County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings, we identified certain deficiencies in internal control that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies in internal control described in Part II of the accompanying Schedule of Findings as items II-(A-C)-14 to be material weaknesses.

A significant deficiency is a deficiency, or combination of deficiencies in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cherokee County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain instances of noncompliance or other matters which are described in Part III of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2014, are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Cherokee County's Responses to Findings

Cherokee County's responses to the findings identified in our audit are described in the accompanying Schedule of Findings. Cherokee County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Hungelman, Putizier &Co., PLC

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND, ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Officials of Cherokee County:

Report on Compliance for Each Major Federal Program

We have audited Cherokee County, Iowa's compliance with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that could have a direct and material effect on its major federal programs for the year ended June 30, 2014. Cherokee County's major federal programs are identified in Part I of the accompanying *Schedule of Findings*.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grant agreements applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Cherokee County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Cherokee County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our opinion on compliance for the major federal programs. However, our audit does not provide a legal determination on Cherokee County's compliance.

Opinion on Each Major Federal Program

In our opinion, Cherokee County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

The management of Cherokee County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Cherokee County's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal programs and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Cherokee County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Hungelman, Putnier 4Co., PLC

May 26, 2015

Part I: Summary of the Independent Auditor's Results:

- (a) Unmodified opinions were issued on the financial statements.
- (b) Material weaknesses in internal control over financial reporting were disclosed by the audit of the financial statements.
- (c) The audit did not disclose any non-compliance which is material to the financial statements.
- (d) No significant deficiencies or material weaknesses in internal control over the major programs were disclosed by the audit of the financial statements.
- (e) An unqualified opinion was issued on compliance with requirements applicable to the major programs.
- (f) The audit disclosed no audit findings which were required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- (g) The major programs were as follows:
 CFDA Number 97.036 Disaster Grants Public Assistance
 CFDA Number 20.205 State and Community Highway Safety
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (i) Cherokee County did not qualify as a low-risk auditee.

Part II: Findings Related to the Financial Statements:

INTERNAL CONTROL DEFICIENCIES:

II-A-14 <u>Segregation of Duties</u> – A concentration of closely related duties and responsibilities, such as the recording and processing of cash receipts and disbursements, voiding transactions, reconciliation of bank accounts, preparing journal entries for posting, analyzing financial information, and reporting financial information, exists in most county offices. This concentration with a limited number of employees makes is difficult to establish an adequate system of internal checks on the accuracy and reliability of the accounting records.

<u>Recommendation</u> — Each department head should review the operating procedures of their office to obtain the best segregation of duties as possible under the circumstances. The department head should utilize current employees to provide internal checks through review of financial transactions, voids, reconciliations, and reports. Such reviews should be performed by independent persons to the extent possible, and should be evidenced by initials or signature of the reviewer and the date of the review.

<u>Response</u> – A departmental meeting will be conducted for all county management to discuss the importance of providing internal checks on all financial documents and operating procedures including review and notation by initials or signatures of multiple staff members including dates of verification.

<u>Conclusion</u> – Response accepted.

II-B-14 <u>Financial Reporting</u> - We noted that while management is capable of preparing accurate financial statements that provide information sufficient to make management decisions, reporting financial data reliably in accordance with U.S. generally accepted accounting principles (GAAP) requires management to possess sufficient knowledge and expertise to select and apply accounting principles and prepare year-end financial statements, including footnote disclosures. Management presently lacks the qualifications and training to appropriately fulfill these responsibilities, which is a common situation in small entities.

<u>Recommendation</u> - Obtaining additional GAAP knowledge through reading relevant accounting literature and attending local professional education courses should help management significantly improve in the ability to prepare and take responsibility for reliable GAAP financial statements.

<u>Response</u> – Conducting business within a small county with limited staffing results in the need to employ the services of a private professional CPA business to ensure that all financial reporting is completed per state regulations. A management level employee has been assigned to oversee, review, and approve financial statements and related notes.

<u>Conclusion</u> – Response accepted.

Part II: Findings Related to the Financial Statements: - (Continued)

INTERNAL CONTROL DEFICIENCIES: - (Continued)

II-C-14 Property Tax Credit Calculation – The Treasurer is responsible to collect property tax on behalf of taxing authorities within the county and to remit collections to these authorities monthly. Some of these taxes are collected as property tax credits from the state in lieu of taxes. During the year, the Treasurer collected more than the correct amount of homestead property tax credit from the state. Because the correct amount was not collected, the county and other taxing authorities within the county received more than the amounts to which they were entitled.

<u>Recommendation</u> — The Treasurer should review carefully the payments and correspondence received from the state for property tax credits. The payments and amounts in the correspondence should be compared to the amounts expected from the abstract of taxes report and to the amounts received in previous years. The Treasurer should investigate any differences found in these amounts and determine if the differences are valid. The Treasurer should resolve any invalid differences.

<u>Response</u> – In the future, monies received from the State will be compared to the Abstract and any differences in the amount will be investigated and resolved.

<u>Conclusion</u> – Response accepted.

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

Part III: Other Findings Related to Required Statutory Reporting:

III-A-14 <u>Certified Budget</u> - Disbursements during the year ended June 30, 2014 exceeded the amounts budgeted in the capital projects function.

<u>Response</u> – The capital projects function area of the Secondary Roads Department exceeded the certified budget authority by \$5,478 due to emergency repairs to local bridges caused by a federally declared flood disaster in the last month of the fiscal year. Future payments will be monitored to avoid total expenditures exceeding budget authority in any service area.

<u>Conclusion</u> – Response accepted.

- III-B-14 <u>Questionable Expenditures</u> We noted no expenditures that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.
- III-C-14 <u>Travel Expense</u> No expenditures of County money for travel expenses of spouses of County officials or employees were noted.

Part III: Other Findings Related to Required Statutory Reporting: - (Continued)

III-D-14 <u>Business Transactions</u> - Business transactions between the County and County officials or employees are detailed as follows:

Name, Title, and Business Connections	Transaction Description	<u>A</u>	mount
Sara Lucas, Auditor's office, Father-in-law owns Modern Heating and Cooling	Repairs	\$	19,561
Sara Lucas, Auditor's office, parents own Lundell Construction Co.	Repairs	\$	7,011
Charles Baumann, Secondary Roads employee, Son Tucker Baumann, owns Baumann Mowing	Mowing	\$	225
Jeff Holmes, Secondary Roads employee, Son Tim Holmes, owns Holmes Mowing	Mowing	\$	455
Jeff Friedrichsen, Sheriff's office, Owns Friedrichsen Brothers Construction	Services	\$	480

In accordance with Chapter 331.342(2)(j) of the Code of Iowa, the transactions with Tucker Baumann, Tim Holmes, and Jeff Friedrichsen do not appear to be conflicts of interest since total transactions were \$1,500 or less during the fiscal year.

The other transactions may represent a conflict of interest.

<u>Recommendation</u> - The County should review those transactions closely and may want to consult their attorney to determine that they are in compliance with the Code of Iowa.

County Attorney Response — Sara Lucas's father-in-law owns Modern Heating and Cooling. During the 2013-2014 fiscal year, Modern was paid an amount of approximately \$19,561.36. A large percentage of that amount appears to be part of a competitive bidding process and therefore exempt under Iowa code 331.341. Modern Heating and Cooling has had a long history of providing goods and services to the county prior to there being a potential conflict with the hire of Sara Lucas. Many of the counties various departments contract with local business entities for goods and services that don't meet the need for a public bidding process and are within their annual budget. It is my understanding that Sara is not involved in the procuring of any contracts between various departments and with Modern Heating and Cooling. Further, it is my understanding that neither Sara nor her spouse has a financial interest in the company. The company as stated is owned by the employee's father-in-law. It is my belief that contemporary conflict analysis requires more than mere blood familial links to create a conflict. It would require an actual financial benefit or favorable treatment of the relatives. That does not appear to be the case in this instance. If that should change, however, then there could be a conflict that would potentially void any contract with this company.

Part III: Other Findings Related to Required Statutory Reporting: - (Continued)

III-D-14 <u>Business Transactions</u> – (Continued)

<u>County Attorney Response</u> – (Continued)

Sara Lucas' parents own Lundell Construction Co. During the 2013-14 fiscal year, an amount of approximately \$7,011.19 was paid to Lundell Construction Co. Most of this amount is due to various projects with the Roads or Engineering Department. It is unclear at this time if any of these projects are part of State or Federal Funding or part of a subcontracting amount for said projects. As of this date, I have not received clarification from the Engineer's office to make confirmation of this. Much like Modern Heating and Cooling, Lundell has had a long history of providing goods and services to the county prior to there being a potential conflict with the hire of Sara Lucas. Much like Modern Heating and Cooling it is my understanding that Sara is not involved in the procuring of contracts with Lundell Construction Co. nor does she have any financial interest in this company. Therefore, it is the undersigned's position that there is not a conflict of interest at this time.

<u>Conclusion</u> – Response accepted.

- III-E-14 <u>Bond Coverage</u> Surety bond coverage of County officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that coverage is adequate for current operations.
- III-F-14 <u>Board Minutes</u> No transactions were found that we believe should have been approved in the Board minutes but were not.
- III-G-14 <u>Deposits and Investments</u> No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the County's investment policy were noted.
- III-H-14 Resource Enhancement and Protection Certification The County dedicated property tax revenue to conservation purposes sufficient to meet the requirements of Chapter 455 A.19(1)(b) of the Code of Iowa in order to receive additional REAP funds allocated in accordance with subsections (b)(2) and (b)(3).
- III-I-14 <u>County Extension Office</u> The County Extension Office is operated under the authority of Chapter 176A of the Code of Iowa and serves as an agency of the State of Iowa. This fund is administered by an Extension Council separate and distinct from County operations and, consequently, is not included in Exhibits A or B. Disbursements during the year ended June 30, 2014, did not exceed the amount budgeted.
- III-J-14 <u>Annual Urban Renewal Report</u> The annual urban renewal report was properly approved and certified to the Iowa Department of Management on or before December 1 and no exceptions were noted.
